

Services: Mentoring

A mentor is a positive, adult role model who can help build and maintain a consistent and trusting relationship. A mentoring program at Destiny - Pride will match its participating youths with inspirational adult mentors who can help them gain better self-esteem, create healthy relationships with family members and friends, and make positive life choices. A mentor can provide the necessary environment to get a child interested in new and exciting opportunities and to develop his or her own talents and abilities. It is Destiny - Pride's belief that many of the problems our youth are facing, such as low school performance, substance abuse, teen-age pregnancy and youth-on-youth violence can be attributed to a lack of caring adults who can provide reliability and stability in their lives through relationship building. This is something our young people will carry with them for the rest of their lives.

If you are interested in finding out more about this service or other services we provide, you may fill out the form below and someone will get in touch with you.
