

Grass Roots A Community Development Project

August 29 67

Dear Mr. Catfish

I read about Pride in the Star Free Press. And it sounded like a wonderful project. A growing project that could build and build too anything great and good. It was an inspiration to me. I am employed as a Community Worker Operation Grass Roots we are just starting. And if you have any literature on how your project started - helped - improved I would greatly have thanks. So many times you have to "show me" our people before they realize how far behind we are (Negroes) I mean. So any thing that would inspire them into just thinking maybe would help.

Thank you Mrs Ruth Cummins

128 Colonia Rd
Oxnard Calif

Do you know anyone on Grassroots
willing to exchange ideas? Have
them to write me. Maybe we can
exchange ideas and problems too
and how to overcome them.

Do you feel the adults helped you
~~and~~ were for the idea?

Sincerely (Soul)
Mrs Ruth Cummings

Sometimes its hard to tell people
they want "show me".
Thank you
