Dear Mr. Mayfield:

I am pleased to learn of your interest in addressing the Carnegie Seminar. Charlie Levine, who originally contacted you by phone, tells me that you may be available April 4th. We will cover all your expenses for the trip and can offer a modest honorarium of \$100. If you are able to visit our class, we would like for you to discuss the need for organizing in ghetto areas. Also, we would appreciate your comments on education and its relation to the future of the ghetto.

I am enclosing information about the Carnegie Seminar and Indiana University. We are looking forward to hearing from you so that we may make more concrete plans. If you have any questions about the seminar please feel free to call us.

Sincerely,

John Baden
